203 Beck Road
Sunbury, PA 17801

Dear Lynda:

CONGRATULATIONS! On behalf of the NFIB Pennsylvania SAFE (*Save America's Free Enterprise*) Trust, we are pleased to announce the endorsement of your candidacy for the state House of Representatives in the upcoming General Election.

The SAFE Trust supports candidates for the General Assembly who possess a solid understanding of the problems and priorities of small-business owners, and who demonstrate a willingness to tackle these issues in Harrisburg.

Based on your responses to our survey and the results of our candidate interview, it's clear you share our vision that a healthy small-business jobs climate can best be achieved through lower taxes, less wasteful state spending and less government regulation. You recognize that small businesses are the driving force behind Pennsylvania's economy -- producing high-quality products, services, and jobs. And it's also apparent that you have a clear understanding of the problems and challenges facing small-business owners in Pennsylvania. We look forward to working with your campaign for the state House.

The small business message is a critical element to a winning campaign and the endorsement and get-out-the-vote effort of NFIB has been a key factor of success in many legislative races. On behalf of the NFIB/Pennsylvania, we are pleased to support your election efforts and wish you success in the upcoming General Election.

Sincerely,

Lucien Calhoun, Chairman
NFIB/PA SAFE Trust

Jan Herschkowitz, Chairman
NFIB/PA Leadership Council
